Vineyard

## The Grape Vine

Issue 15 6 Sep 2018

### ***Hello friends,***

And a special shout out to our friends from the Berowra market that is no more - Sooze and I miss our catch ups and rest assured we are happy to take orders and deliver, just give us a call or access the website. It's been a while since our last issue and a lot has happened in the meantime. We are now permanent and very happy residents on the vineyard with the requisite farm animals to boot. The 2018 vintage went well and being so dry we could make a 'Late Pick' Verdelho for the first time which is we think is outstanding. Nick Paterson now makes all of our wines and we're very happy to have Nick on board. So, what's new?

What's coming up? 7th October is another [Great Lakes Food Trail](#) farm gate event so why not drop in then take a tour around local farms and businesses. It's a great day out. In November we are also supporting a Great Lakes Food Trail dinner at [Tillermans Restaurant](#) in Tea Gardens. This will be an all ticket affair showcasing food and wine from local producers in the Great Lakes region. Nothing beats local and fresh so don't miss it. For details on this and other events check out our facebook page and if your passing through visit our local stockists at the Lady Jane Motor Inn, the Bulahdelah Bowls Club, the Plough Inn Hotel and the Hawks Nest Golf Club.

*"The best wines are the wines we drink with friends."*

Apart from the Late Pick Verdelho there is also a wonderfully light and dry French-style Chambourcin Rosé which is being bottled this week. This wine is quite different to previous vintages but we're very confident you'll love it. If you're a big fan of the current Chambourcin then be quick as there are still a couple of boxes left. Unfortunately our table Verdelho has sold out till next vintage but why not try the sparkling Espu'Delho or even the lightly sparkled Dolcetto - both deliciously crisp and well made wines. In Nov/Dec the new Dolcetto red will be ready; not sure if it will be still or sparkling - any preference?

***PROSIT!***

***Sooze and Dale***
